BSE reassures investors on refunds on StARMF

FE BUREAU Mumbai, August 4

THE BSE ON Thursday said the delay in processing some of the refund transactions on its StARMF platform was due to incomplete information being received from some of the payment aggregators. During July, BSE StARMF

processed about 1.84 crore transactions. Usually, transactions for which refunds are to be processed and money credited to the client account happen within three days. "While processing the

transactions and refunds, it was observed that incorrect or incomplete information was received from some of the payment aggregators which resulted into delay in processing some of the refund trans-

actions. As and when the requisite information is being received, the refunds are being processed, and currently refunds of nearly 0.3% value of transactions are still under process," the exchange said in a note.

Since July 1 this year, the process for accepting orders on the platform from brokers has undergone a change. Funds and

units from clients are now received directly by the Indian Clearing Corporation, a wholly owned subsidiary of the BSÉ. Similarly, units and funds are also transferred to investors directly by ICCL. Earlier, such transactions used to happen bilaterally between ICCL and brokers on a pooled basis. "We are working with the

brokers and payment aggregators to finish processing those refund transactions, and we would like to reassure the investors that their money is safe with BSE/ICCL and that they would get the pending refunds immediately directly into client accounts on confirmation of mapping of bank account of client,k"the exchange said.

BSE StARMF is the largest aggregator for mutual fund transactions in India.

DBS denies interest in IDBI Bank, stays bullish on India

CHANYAPORN CHANJAROEN & MALAVIKA KAUR MAKOL August 4

DBS GROUP HOLDINGS, Singapore's largest lender that has been investing in India, said buying a stake in governmentowned IDBI Bank is not on its radar, even though it remains bullish about the country's growth prospects. Chief executive officer Piyush Gupta said the lender isn't looking at a deal for the bank. His comments come after media re-

ported that DBS was considering purchasing a stake and held discussions with finance ministry officials in New Delhi. Among Singapore banks,

DBS has been the most aggressive in expanding in India. Two years ago, it took over Lakshmi Vilas Bank in a deal orchestrated by the Reserve Bank of India, the first time authorities turned to a foreign lender to bail out a struggling local institution. Since then, it's looking to invest more in its India unit to accelerate growth.

"We are bullish on India,"

Gupta said at a briefing on Thursday, citing the country's strong growth rate. Still, he said his focus in the country is on the bank's recent deal."We are not in the market to look at anything else now," he said.

Gupta has long-standing ambitions to grow in the large emerging market, where banks are ramping up lending in response to growing demand for consumer credit. DBS currently has over 600 branches across 19 states after the acquisition of Lakshmi Vilas Bank. —**BLOOMBERG**

SIB aims to sustain double-digit growth in FY23

SHASHANK DIDMISHE Mumbai, August 3

SOUTH INDIAN BANK is aiming to maintain its double-digit credit growth during the remainder of the financial year 2022-23 after coming out of a trough while keeping an eye on the quality assets and driving growth, Murali Ramakrishnan, MD and CEO, of the Keralabased bank, said in an interaction. The bank posted 11% year-on-year (y-o-y) growth in loans in Q1FY23, catching up with the industry average of around 12-13%, after witnessing a fall in credit for five consecutive quarters in a row.

"We had grown by only 4% in the last quarter. In the year before that, we de-grew in our advances growth. This is the first stable year for me and I am expecting double digit growth. We want to grow across all segments. Clearly retail and SME were the focus areas, so that we can granulate our risks. We are aiming at quality asset growth across all products," Ramakrishnan said.

Growth in loans in Q1FY23 came mostly from the corporate loan book, which grew by 31% YoY and constitutes close to 30% of the advances. The remaining portfolio, consisting of retail and MSME loans, showed muted loan growth of around 4.6% YoY. Credit card, vehicle and gold loans are driving the retail credit business. However, home loans and mortgage loans are lagging. MSME loan growth also saw a decline of close to 10% YoY in Q1FY23.

We want to grow across all segments. Clearly retail and SME are the focus areas, so that we can granulate our risks. We are aiming at quality asset growth across all products."

MURALI RAMAKRISHNAN, MD & CEO, SOUTH INDIAN BANK

The bank is witnessing an improvement in the MSME lending as the sector is recovering from the shock of the pandemic, Ramakrishnan said.

The corporate portfolio of the bank, which is the key driver of loan growth, consists of pharmaceutical, NBFC, coal importing entities, infrastructure and automobile sectors.
